

## ANNOUNCEMENT

In order to take the Homes out of its present financial straits and also to making it grow into a self-reliant Charitable Christian Missionary Educational Institution, the Board of Management has resolved at a special meeting held online on 21st March 2021 to develop the assets and infrastructure of the Homes with a view to raising revenue for sustaining itself and for developing the institution in accordance with the aims and objectives of its Charter.

Towards this end, the Board has constituted a Development Committee which will soon be inviting Expressions-of-Interest from eligible partners and parties by public notice for preliminary examination of proposals and negotiations, subject to the final approval of the Board of Management, Dr Graham's Homes.

It has also been resolved that such development shall be done in complete transparency and the revenue so raised shall strictly be applied towards charitable purposes in accordance with the Memorandum of Association of Dr Graham's Homes and not for any other purpose whatsoever.

This announcement is made for the information of all concerned.

Michael Shane Calvert,  
President  
Board of Management  
Dr Graham's Homes, Kalimpong
