

30.12.2022

Dear Parents and Guardians,

After having suffered the onslaught of the pandemic for two years, we are now fast moving towards the end of 2022, which from all accounts seems to have been a successful year, though with some problems that could have been wholly avoided. We were able to shift from online teaching to the offline conventional mode without much difficulty. Initially, it was a daunting task for the children to move back to the main stream after having witnessed first hand the Pandemic. All credit to the Teachers and Staff, the Students and the Parents and Guardians who worked together towards making the year 2022 the success that it has been.

Once again this year our Board Examinees who appeared for both the ICSE and ISC Examinations came out with flying colours and we had our share of Toppers as usual. Academics apart, Dr. Graham's Homes did exceedingly well in extra co-curricular activities with some of our children advancing to not only the District and State Level ,but also participating at the National Level. While our boys' football teams created history by lifting both the Jack Coffey Cup as well as the Gardeners Trophy, our senior boys Volleyball team advanced right up to the National Level with some of our children being selected to play under the aegis of the Sports and Games Federation of India and Khelo India Khelo.This however, was only possible because while the school bore half of the expenses the parents and guardians whole heartedly supported and contributed the balance 50%.

We are extremely grateful to you parents and guardians for your cooperation and support throughout the academic term.

Ever since the academic session of 2015-2016, we had hiked the fees nominally by only 10%, whereas on account of cumulative inflation, prices of everything have more than doubled in the last six years. Due to the non-revision of fees from 2016 to 2021, our Institution has suffered financially.

Keeping this in mind, the school fees will be revised rationally. We are sure that our Parents and Guardians will whole heartedly accept this revision and contribute to the financial revival and survival of the school which is blessed with a huge heritage campus.

The revised fees structure will be uploaded on the school website by the 15th of January 2023.

Let us continue to pray for normalcy and hope that our schools will continue to function and flourish. We are certain that with the continued support and cooperation of all concerned our dear Homes will go from strength to strength.

On behalf of the Board of Management and the Administration I would like to wish you all a Happy Holiday Season and a Bright and Prosperous New Year ahead.

Take care and stay safe,

God Bless '

With warm wishes

N. Monteiro
